PLAZA IMPROVEMENTS AT MACARTHUR STATION JUNE 2018 TO JANUARY 2019

Dear Customer:

We will be updating and improving the plaza in front of the entrance to MacArthur Station starting Monday, June 18. We will fence off the plaza in two separate phases and create a temporary pedestrian path to access the fare gates.

The entire project includes the construction of a new, secure bike station, removal of planters, all new concrete flooring, and lighting improvements.

During the first phase of construction bike racks and lockers will be moved to the north side of the plaza. Bus, taxi, and passenger pick-up/drop-off will not be affected.

For much of this phase, shuttles will continue to stop in their current locations and pedestrians will be able to use the existing sidewalk to access the shuttles and the parking garage.

On days when there is hauling of demolished concrete and pouring of new concrete, the access road will be narrowed to accommodate these activities. Pedestrians will be provided with a protected walkway and shuttles will stop on the access road closer to the garage. On days when there is no hauling or pouring of concrete the regular pedestrian route will be open.

Because of the narrowing of the access road, bicyclists will be asked to use an alternate route or walk their bicycles through the area as they will share the narrow walkway with pedestrians.

Watch for signs and flag people who will direct you to a safe route through the construction.

We will issue updated bulletins and update the information on our website as the work continues.

We know that this work will inconvenience you. We appreciate your patience.

If you need language assistance services, please call BART's Transit Information Center at (510)465-2278.

如需語言援助服務，請致電 BART 公共交通資訊中心，電話號碼為 (510)465-2278.
