# ROAD CLOSURE

## AT MACARTHUR STATION

### July 2013

Dear Customer:

Beginning August 10th, the frontage road and sidewalk adjacent to the MacArthur Station, which connects 40<sup>th</sup> Street and West MacArthur Boulevard, will be closed for reconstruction. This road is currently used by shuttles, as well as for passenger drop off and pick up. During the construction period, the temporary access connections will be as follows (please see the back of this bulletin for a map):

- **Shuttles** – The shuttles will access the station along the south side of 40<sup>th</sup> Street to the west of the current AC Transit bus stop. The existing taxi area will be temporarily relocated and other existing street parking stalls eliminated.
- **Passenger Drop Off and Pick Up** – The passenger drop off and pick up area will be moved to the south side of 40<sup>th</sup> Street between the two existing parking lot driveways. The existing street parking stalls will be eliminated.
- **Taxis** – The taxi stand will be relocated to the north side of 40<sup>th</sup> Street, just west of the existing AC Transit bus stop across the street from the station. The area for taxis will expand, to allow for more taxis. The existing street parking stalls will go away.
- **AC Transit** – AC Transit bus stop locations will not change.
- **Auto Parking** – The BART parking area will not change, but you will no longer be able to reach it by the stairs. Instead, please use the ramp located in the northwest corner of the parking lot.
- **Pedestrians** – If you currently reach the station from West MacArthur Boulevard from the frontage road, you will need to reach the station from Telegraph Avenue or Martin Luther King Jr. Way to 40<sup>th</sup> Street.
- **Bicycles** – You should now use 40<sup>th</sup> Street to Telegraph Avenue or Martin Luther King Jr. Way to reach the station.

We will continue to issue additional bulletins regarding construction improvements to update you about upcoming changes.
