TRANSIT VILLAGE PHASE 3 MEANS PARKING LOT CHANGES AT MACARTHUR STATION
August 2014

Dear Customers:

UPDATE - REVISED DATE: On August 4th, construction begins on Phase 3 of the MacArthur Transit Village at MacArthur Station. Phase 3 is the completion of the infrastructure work in the existing BART parking lot. The work is located in the southwestern section of the existing parking lot. Completion of Phase 3 is planned for spring 2015.

Construction of the new streets and infrastructure will close a large section of the existing parking lot. Customers should use other means to reach the MacArthur Station rather than driving, such as free shuttles or AC Transit buses. A brochure with information on alternatives is available at the MacArthur BART Station or can be viewed or downloaded at http://macarthurstation.com.

Look for an additional bulletin in early September regarding the opening of the BART garage here at MacArthur Station. We will continue to issue additional bulletins regarding construction improvements to update you about upcoming changes. Current and prior bulletins, as well as additional information regarding the project can be viewed at http://macarthurstation.com or by contacting MacArthur Transit Community Partners at (510) 619-9855.

We apologize for any inconvenience and appreciate your patience.
